Arrest is Made of Third Suspect from Home Invasion Robbery that Occurred in 2009

On February 15, 2009 at approximately 3:45 a.m. three men wearing masks and wielding firearms forced their way into a townhome in the 6600 block of SW 123rd. The three men terrorized the three victims demanding to know where drugs and money were located. One of the victims was physically assaulted by one of the suspects.

The victims had called 911 prior to the suspects making entry into the townhome and Police were on the way. Beaverton Police arrived at the townhome and all three of the suspects fled on foot. Two of the suspects later identified as Adan Godinez-Lopez and Christian Romero-Aguilar were located after a K9 track. The third suspect who had not been immediately identified had gotten away. The third suspect was later identified as Agustin Godines-Lopez and an arrest warrant was issued for him. Christian Romero-Aguilar plead guilty to robbery 1, Assault 2 and burglary 1 and received a sentence of 10 years in prison. Adan Godinez-Lopez went to trial and was found guilty and sentenced to 20 years in prison.

Augustin Godinez-Lopez had fled the United States and had been in Mexico since the attack. Augustin was arrested on August 23, 2013 by Mexican police in San Luis Rio Colorado for assaulting his wife. During the investigation the Mexican Police determined that Augustin had committed a crime in Oregon and had a warrant in the United States. Because Augustin is an American Citizen he was immediately deported back to America and turned over to Border Patrol.

The Beaverton Police Detective who had been working this case flew to Yuma, Arizona to interview Augustin. The detective was able to get a full confession from Augustin and will now be able to close this investigation. The detective was able to bring closure to the victims by staying on top of the investigation and working with other Law Enforcement partners.

Augustin is awaiting transport back to Oregon to be held accountable for the crimes he committed on that day in 2009.
